

HISTORIAN'S REPORT

126th Detwiler Family Reunion

August 20, 2022

New births, deaths, marriages, etc. since the last reunion: **6 births, 3 marriage and 8 deaths.** (See Historian's Record Sheet for details). Several other updates were added as research found them in archival records but were not recorded as new.

Since last year's reunion I have added **18 individual names (4640), 9 new surnames (1213) and 11 marriages (1679) to the records.** The average lifespan of those deceased is 62.7 years and I have recorded 1587 different places of family events. The program indicates there are 17,372 facts recorded in the genealogy program. I continue to add additional information in the "Reunion Chronological History" spreadsheet from information I am able to obtain from family members and various resources.

The earliest birth date is Jagli Detweiler (1570) who is the 2nd great grandfather of Hans Johannes Detweiler (1688 – 1761) and the 5th great grandfather of Henry R. Detwiler (1793 – 1873). The most recent birth is 22 July 2022, Arabella Rose Buchmoyer is the daughter of Lucas A. and Elisabeth (Yankelitis) Buchmoyer and 6th great granddaughter of Henry R and Catharine Beary (Latshaw) Detwiler.

www.detwilerfamily.org, and Family Tree Maker (FTM):

I will continue to support the Detwiler "**privatized tree**" on Ancestry.com since I get requests for information and vice versa regarding the Detwilers, Latshaws, Rapps, Yeagers, Rixstines, etc. which helps build our tree. I will continue to research and respond to those contacting me with the hope that I can connect their families with our Family that is recorded in "**Hans Detweiler Family History** by Francis Waite", "**The Genealogy of the Detweiler, Detwiler Family** by Elizabeth Zern Smith" and "**Detwiler Family Genealogy** by B. Harrison Landis". I renewed our domain name (detwilerfamily.org) with Network Solutions July, 2019 at discounted early renewal price of \$147.96 for 5 years that will now expire on 7-30-2024. Our domain name is now protected until that date. On August 15, 2022, I updated the Family Tree Maker software program to Windows version 24.1 build #520.

Respectfully submitted,

Richard H. Lusch, Historian
