

HISTORIAN'S REPORT

128th Detwiler Family Reunion

August 17, 2024

New births, deaths, marriages, etc. since the last reunion: **2 births, 1 marriage and 4 deaths.** (See Historian's Record Sheet for details). Several other updates were added as research found them in archival records but were not recorded as new.

Since last year's reunion I have added **14 individual names (4670), 3 new surnames (1223) and 6 marriages (1692) to the records.** The average lifespan of those deceased is 62.7 years and I have recorded 1619 different places of family events. The program indicates there are 17,523 facts recorded in the genealogy program. I continue to add additional information in the "Reunion Chronological History" spreadsheet from information I am able to obtain from family members and various resources.

The earliest birth date is Jagli Detweiler (1570) who is the 2nd great grandfather of Hans Johannes Detweiler (1688 – 1761) and the 5th great grandfather of Henry R. Detwiler (1793 – 1873). The most recent birth is Wesley Charles Brown 11 June 2024; Wesley Charles Brown is the son of Eric Scott and Elizabeth Ruth (Morrison) Brown and 5th great grandson of Henry R and Catharine Beary (Latshaw) Detwiler.

I have renewed my **Ancestry.com** membership on **3 August 2024 for 6 months at a cost of \$136.74** and will continue to support the Detwiler "privatized tree." I get requests for information and vice versa regarding the Detwilers, Latshaws, Rapps, Yeagers, Rixstines, etc. which helps build our tree. I will continue to research and respond to those contacting me with the hope that I can connect their families with our Family that is recorded in "**Hans Detweiler Family History** by Francis Waite", "**The Genealogy of the Detweiler, Detwiler Family** by Elizabeth Zern Smith" and "**Detwiler Family Genealogy** by B. Harrison Landis". Our domain name (**detwilerfamily.org**) with **Network Solutions** was renewed in **July, 2024 at discounted early renewal price of \$184.95 for 5 years that will now expire on 7-30-2029.** Our domain name is now protected until that date. I had authorized the updated the Family Tree Maker software program to Windows Version 2024 but still awaiting the release by The Software MacKiev Company.

Respectfully submitted,
